- 

## Skills

## Programming:

- Python
- C
- C++

## Front-end development:

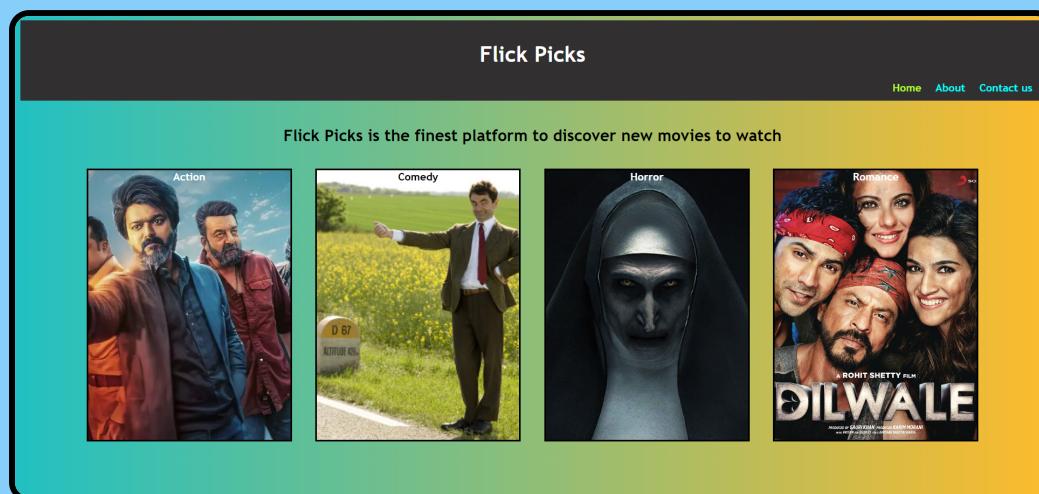

- HTML
- Javascript
- CSS

## Graphic designing tools:

- Canva
- Gimp

# Some of my projects:

- **Flick picks** : Which is a website the gives you random movies to watch when you are bored. It has a user friendly UI and is very easy to use.

- **Stone Paper Scissors** : It is a game we all know and love made using python that you can use to play with your friends or with the computer.

You can find more of my projects on github : <https://github.com/AnisHerdev>
